

Second International Workshop on Safety-II in Practice

Safety-II in Practise

May 22-24, 2019 – Lisbon, Portugal

	Wednesday May 22	
13:30	Registration (Tutorial only)	
	Opening	
14:00 - 15:30	Erik Hollnagel	Tutorial - Part I
15:30 - 16:00	Coffee break	
16:00 - 17:30	Erik Hollnagel	Tutorial - Part II
	Welcome reception (Everyone)	
	Thursday May 23	
08:30 - 09:00	Registration and coffee	
09:00 - 09:30	Carlos Guedes Soares, Pedro Ferreira, Erik Hollnagel	Welcome - Highlights of Safety-II
	Theme I: Safety-II at the operational level (Chair: NN)	
09:30 - 10:00	Sylvie Thellier, Valérie Vassent	Transitioning to safety II: understand how the health care team's success modes could turn into risks for patients
10:00 - 10:30	Joana Fernandes, Carmen Ferreira, Juan C. Rubio-Romero, Matilde A. Rodrigues	Safety resilience in metalworking industry: Development of a grid to assess resilient performance
10:30 - 11:00	M. L. A. Menezes, Anastácio Pinto Gonçalves Filho, Silvio A. B. Vieira de Melo	Process safety methodology in the chemical industry based on ergonomics, FRAM, functional resonance analysis method and human factors part 1: theoretical foundations
11:00 - 11:30	Coffee break	
11:30 - 12:00	Rodrigo M.P. Arcuri, Alessandro Jatobá, Hugo Cesar Bellas, Catherine M. Burns, Mario Cesar Vidal, Paulo Victor R. Carvalho	Patient Triage and Health Care Services Delivery: managing variability
12:00 - 13:00	Plenary discussion: Safety-II at the operational level	
13:00 - 14:30	Lunch	

	Theme II: Safety-II and learning (organizational and individual) (Chair: NN)	
14:30 - 15:00	Axel Ros, Erik Hollnagel	RPET - The Resilient Performance Enhancement Toolkit
15:00 - 15:30	Peñaloza Guillermina, Tarcisio Abreu Saurin, Ivonne Andrade Herrera	Integrating Safety-I and Safety-II perspectives in construction projects
15:30 - 16:00	Jean-Christophe Le Coze	Talking about work, an experiment
16:00 - 16:30	Coffee break	
16:30 - 17:00	Monika Rydstedt Nyman, Christian Dalin	The Learning Organization - necessary conditions?
17:00 - 17:30	Plenary discussion: Safety-II and learning	
19:00	Dinner	
	Friday May 24	
09:00 - 09:30	Reflections on yesterday: Questions not asked or answers not given	
	Theme III: Safety-II as a management principle (Chair: NN)	
09:30 - 10:00	Anne-Laure Amat Negri	Safety II challenges for the safety oversight body in the aviation domain
10:00 - 10:30	Guy Mouton, Al Madar, Jim Kwasny	Implementing Safety II in an aviation context
10:30 - 11:00	Pedro Ferreira	Understanding WAD in large scale operations - The case of rail engineering
11:00 - 11:30	Coffee break	
11:30 - 12:00	Edwin Bailey	Is evidential regulatory compliance antagonising process safety? A UKCS Oil & Gas Practitioners dilemma
12:00 - 13:00	Plenary discussion: Safety-II as a management principle	
13:00 - 14:30	Lunch	
	Theme IV: Safety-II at the strategic level (Chair: NN)	
14:30 - 15:00	Kyla Zimmermann	Exporting Safety: Is Safety Contextually and Culturally Dependent?
15:00 - 15:30	N. P. Ventikos, G. V. Lykosa, A. Koimtzoglou, K. Louzis	The Safety Culture in the maritime industry under the framework of Safety II
15:30 - 16:00	Huw Ross	Imagine if hazards were good things in your business
16:00 - 16:30	Coffee break	
16:30 - 17:00	Plenary discussion: Safety-II at the strategic level Summary and conclusions
